## &

# A.R.T BANK

(A unit of pashupati lifecare Pvt Ltd)

**1650, sector 10-A, Gurgaon, Delhi-NCR**

**Surrogacy | Donor egg | Donor embryo | Donor sperm**

---

### LETO ART BANK focusses on How to make your dreams come true

*In October 2008 the Supreme Court of India stated that “ Commercial surrogacy is legal and an industry in India.”*

*In 2013 we declared to make surrogacy an ethical and completely transparent process*

**OUR MOTTO:** *it takes three to make a baby - intended parents , surrogate/donor and us*

#### **First ART bank in Delhi- NCR with :**

- ◇ **Fully Corporate- Owned by Pashupati lifecare pvt ltd.**
- ◇ **Run by team of professionals- Doctor, chartered accountant and lawyer.**
- ◇ **Registered by ICMR (Indian council of medical research).**

**ONCE YOU CHOSSE LETO ITS OUR RESPONSIBILITY TO MAKE THINGS MOVE WITHOUT BOTHERING YOU IN YOUR PROFESSIONAL LIVES**

**Win –Win situation :** The parents use services of a surrogate to enjoy being parents ,the surrogate uses it to procure a bright future for her children . Altruistic methods for gestational surrogacy are not popular and economical reasons give intended surrogate mother to consider this as an option to change her and her families future .

### Why to choose LETO :

**Fresh egg Donors :** We try our best for fresh cycles. And give you most information about previous egg donation if any.

**Versatile range of egg/ semen donors to choose from :** Doctors/ engineers/ models/ actors/ chartered accountants etc

**Ethical :** LETO follows all the Indian ART laws very strictly to ensure a smooth sail through the pregnancy.

**Legal Work:** LETO signs all the agreements through a lawyer who is well versed with all the surrogacy laws of India and abroad. The agreements are signed by the surrogate and the intended parents in the language which both best understand.

**Human Touch:** We do not see intended parents as patients and we try to empathize in your moment of need.

**Surrogate Mothers:** Your own personalized selection: You get to select the surrogate by reading through there profiles, seeing their pictures, knowing there habits and then making a choice

**In house gynecologist/ doctor:** Daily health checkup and monitoring, ensure medicine compliance and to deal with any emergency.

**In house clinical psychologist :** Their psychology is assessed and are thoroughly counselled so that they cooperate and take the pregnancy to the last stage of delivery . They are counselled psychologically, legally ,financially and nutritionally before they are inducted into the program.

**Surrogate transportation:** They are provided with a transportation and a chaperone whenever there is a need to take them for medical help or on there demand

**In house social worker :** work as a connecting link between surrogate, intended parents, doctor and surrogacy Centre.

**Surrogate accommodation :** State of the art infrastructure where they stay with their kids so that the kids don't miss there mothers and vice versa .The home ensures clean drinking water , food for her and her family. It is visited by a doctor and a nurse routinely to look up to there medical needs.

- **Surrogates have to stay for the total duration of pregnancy**
- **Intended parents/ IVF specialists can make undisclosed visits any time to meet their surrogates.**
- **Alternatively they can also call them through fixed line/ skype video chat to ensure their presence.**

**Surrogate caretaker:** There is a caretaker round the clock who sees to it that the surrogate is taking her medications and food on time and caters to the day to day need of the surrogate.

### LETO Financial Aspects

**Transparency:** The system is very transparent and standard. You receive receipts for all the payments made.

**Propotionate Instalment payments:** You make payments in multiple instalments when your surrogate is pregnant and in case your pregnancy is terminated or miscarried you have to pay only till that week.

**Guaranteed payments:** Surrogate mothers are paid in instalments with the largest amount being paid at delivery so that it safeguards the parents interests.
